

# QUICK CHANGE GUIDE

## Rise 2022

**\*Check the quick change schedule below to see if your dancer is listed.**

### What Is A Quick Change?

A Quick change is when a dancer has 3 or less dances in between routines and they need to place their costume in the Quick Change Room or Quick Change Tent near the stage for fast changing.

If your dancer has a quick change they will be responsible for placing their quick-change costumes in the quick-change room or quick change tent on the side of the stage prior to the start of each act. Each dancer will be assigned a permanent dressing room and they will only change in the quick-change room or quick change tent during their quick changes. If they are prepared ahead of time for their quick changes they will be calm cool and collected. Our Thrive Faculty, Staff and Dance Concert Staff will be there to assist your dancer with any quick changes.

### Quick Change Steps:

1. Please use a paper grocery bag or reusable grocery bag to store your Quick Change Costume. Add to the bag all of the accessories, shoes, hair items, make up, tights, socks etc. that you need for your quick change. Label the outside of the bag with the following:

- Dancers Name
- Dance Title
- Act 1 or 2
- Performance #

#### **For Example**

Alice Smith  
"Don't Stop The Party"  
Act 2 - Routine #6

2. When you arrive at the venue, first locate the Dressing Room. Then quickly locate the Quick Change Room or Quick Change Tent near the stage entrance. (If you are unsure ask any Thrive Staff or Faculty to help.) If you have a Quick Change in Act 1 take your costume to the Quick Change room or tent and introduce yourself to the Quick Change Volunteers. The Quick Change Volunteers will let you know who will be helping you during your Quick Change and they will help to dress you quickly between dances. If you have a Quick Change in Act 2 you will take your costume to the Quick Change room or tent during Intermission.

3. When you drop off your Quick Change costume make sure EVERYTHING in your bag is ready to go. Make sure you have included your shoes and make sure they are untied. Hair pieces should be unclipped, socks should be laid out, buttons should be unbuttoned. The more you prepare your costume ahead of time the faster you will be able to change and the more relaxed you will be during the process.

4. On the night of the show, when it's time for your Quick Change, exit Stage right with your class and go straight to the Quick Change room or tent where a Thrive Staff Member will be there to help you.

5. At the end of your dance or at the end of the Act be sure to return to the Quick Change Room or Quick Change Tent to collect your costume.
